I have the honor to state that I have been receiving complaints from some of the leading citizens of Davangere to the effect that persons who have kept bullock carts in the town for hire to carry goods from railway station to mandies and back and also from factories to railway station are using aged and decrepit bullocks and that at the same time over-load the carts and use the bullocks day and night without giving them sufficient rest Mr Kuruvarthi Basappa, one of the Municipal Councillors also brought a proposal to the Council to regulate such kind of traffic in the town The fact was considered by the Municipal Council in their meeting held on 7th November 1928 and it was resolved therein that before framing any bye-laws by the municipality, it was necessary that the provisions of the Mysore Public Conveyances Regulation No VII of 1911 should be applied to this municipality by the Government under section 4 of that Regulation and that they should be requested in the matter. Copy of the resolution is enclosed for ready reference. I therefore request you to be so good as to move the Government to kindly order the application of

Public Conveyances Regulation to this Municipality under section 4 of the 5
said Regulation by means of a notification in the Gazette.
